MINISTRY
“MORIAH”

INFORMATION ABOUT US

DEAR FRIEND!

We do not know who you are; however, if you have decided to read the books in our site, then, you are surely interested in the Salvation by faith in Lord Jesus Christ. We would like to inform you about the rise of “Moriah” – the ministry of the God’s Prophetic Spirit, which has been charged by the Lord with the mission to fight against Babylon for the Salvation of the human souls.

THE BEGINNING

The miracle in the life in Stefan Glavchev happened in 1989. By that time, he works as a tram-driver in Sofia and he has just met his future wife Yovelina, who finishes her education in University of Sofia as a student in specialty “Bulgarian philology”. So, they are both called by Jesus in His Church to serve Him with faith and love. In some days, they already receive a christening by the Holy Spirit. Before being acquainted with the great Salvation, done by the Son of God, Stefan has his poetic pursuits. He writes poetry and he sees his destiny as a poet. However, when he takes the Bible in his hands and begins to read it, his life changed. In the course of four years, Stefan Glavchev reads the Bible and was filled by the Holy Spirit.

In 1993 Lord Jesus appears to Stefan in a vision. He tells him that he is faced with dedication and growing as a God’s Prophet.

“You will serve to Me as an alarm clock for pastors. Your ministry will be a threat for many...” These are the first words, by which the Saviour touches the heart of Stefan. Since this moment of the God’s touch, Stefan passes through a radical change in his heart. He already knows that his destiny is not writing of poetry, but dedication to the God’s Salvation. Thinking over the Bible, he opens his note-book and begins to write there every revelation and enlightenment, given to him by

the Holy Spirit of the God. However, he realizes very soon that it will be better to share his spiritual experience in books. Since 1993, 20 spiritual books appear in the course of four years.

Meanwhile, some events happen in the life of Stefan's family; events, which significantly change and seal his destiny. God blesses his family – first time with twins-brothers (Emmanuel and Atanas) in 1991, and second time – with twins-sisters (Zornitza and Ana-Maria) in 1994. So, Glavchevs are forced to leave Sofia because of the sharply-felt need of home. They move in the town of Dobrich, Yovelina's native town.

Settled with his family in the town of Dobrich in 1994, Stefan keeps writing books, because he feels that this is his calling. His books are not known among the Christians yet, because he is still in a period of dedication and growing.

This is the beginning, when Lord Jesus Christ gives to His servant Stefan Glavchev prophetic vocation and anointing to expose and enlighten all religious and demonic factors, by which Babylon swallows the churches of the last time.

The invisible enemies of the faith in God, who Stefan has never known before, already become very evident. As to the books, which he begins to write since 1997, they are already different from the previous twenty. The God's jealousy for His servant changes everything. Jesus begins to visit Stefan not only by the Spirit of wisdom and revelation, but by visions, in which He personally begins to show him the whole depravity and corruption of the churches, fallen in love with the worldly spirit.

PRESENT – YEARS OF FIGHT

The Saviour points to His servant in a vision the Mount Moriah. He tells him that, by this Mount, he will seal his mission as a God's prophet. Beforehand, however, Stefan should be equipped and inspired with new anointment, new comprehension and new regard over the Holy Scripture. So, the moment comes, when Jesus reveals to His servant the spiritual empires of Evil. These books are already the first fruits in his heart from the perfect leadership of the God's Prophetic Spirit.

In the same time, the persecution over Stefan increases. And when he publishes and gives out freely the trilogy "Chase the merchants out of the Temple!" and the tetra logy, concerning the gold faces of Lucifer (the calf, lion, eagle and the human image), then, all evangelic churches launch a terrible negative campaign against ministry "Moriah". Insulted and abused with slanders in some evangelic newspapers, unceasingly attacked with sorceries and religious hatred, Stefan calls to Jesus by all faith in his heart. He needs new leadership; he wants to be defeated concrete authorities and powers of Satan, not only the depression and the spiritual pressure.

So, the moment comes, when, in His great Kindness and Mercy, Lord Jesus Christ initiates His servant and makes him a witness to the examination and condemnation of three of the most powerful chiefs of Satan – the spirit of Jezebel, the spirit of Korah and the spirit of Mammon. These three books with lawsuits become again generally known by the evangelic churches. The effect is much more terrifying. The highest church instances give an order to be torn, burnt and destroyed the books of Stefan Glavchev everywhere and by all means.

In these hard times of fight and struggle, Lord Jesus Christ many times testifies to His servant that, the more he is hated and spitted by pastors-hirelings and theologians, the greater will be the benevolence and jealousy, by which he will be visited by God and raised in Heavenly places.

So, dozens of books with splendid spiritual messages are born and published: the book about the Church-Ruth, who is the God's prophetic church of the last time; books about the Bridegroom and the Bride, the Lights of Zion; about the golden Thrones of the Millennium, the new Heaven and the new earth; about the exquisite deed of God and the Bosom of Abraham; about the Spirit and Power of Elijah, Moses, Joseph, David, Solomon, Abraham, Isaac, Jacob, Elihu and Agur. Lord raises His servant in Heaven. What is more – He shows him the abyss of hell, as well as the condemnation of the wicked people. So, other books appear, talking about the way of Judas, the plunderer Amalek, the monstrous Molech; books about the

dark stars of Chaldea, the winds and the doors of Life and death; about the worm and the fire, the rivers of Babylon and the God's eternal curses; about the days of Evil and the sins of the prostitute Babylon.

The number of the books has become great, as a perfect fruit of the abundant God's Kindness and Mercy.

Many people, touched by the messages of the prophetic books, leave the spiritual Babylon. Then, they become devoted to the God's deed at the cost of furious persecution and religious rage against their life. Thanks to their generosity and love, the God's servant Stefan succeeds by now in getting over Babylon. Moreover – he succeeds in giving out freely all his books. Even this site would have become impossible like a project, unless Lord had done His miracles in the hearts of our faithful friends.

Nevertheless, there are others, who turn back as the Lot's wife, even if they have already tasted from the prophetic word. They spit, abuse and discredit the name of the God's servant, who has freely given them all messages and words, received by the God.

Let God give such men a way for repentance and return to Him! For, they have not rejected and abused the man Stefan, but That One, Who has inspired and anointed him!

FUTURE – HOPES AND EXPECTATIONS

In one of the prophetic books, given to His servant, Lord Jesus promises that the whole prophetic word will fulfill the whole destiny, commanded by the God. For many people, this fate will be bitter – condemnation and punishment, because of the fact that they have rejected and abused the God's Personal Choice over one ordinary man without diplomas, treasures and church career, but who has a heart for the God and jealousy for His Word and His Name – the only reason to be noticed and pointed as a servant of God.

Here such heart by the God and for the God should acquire everybody, who reads the prophetic books of "Moriah". These are our future hopes and expectations:

Heart for the God, which will not agree selling the gifts of his Heavenly Father, as the generation of the cursed and perverted ones did that!

Heart for the God, which will care for the sheep and will pasture them in the blessed meadows of the Holy Spirit!

Heart for the God, which will recognize the pastors-hirelings as bloodthirsty wolves and the graduated theologians as sly foxes, in order to expose them and reject them as apostates!

Heart for the God, which will have the Faith of Abraham, the Spirit and Power of Moses and Elijah, the Jealousy and Humbleness of David, the Wisdom of Solomon and Agur, the Piety of Joseph, the Devotion of Elihu, the Patience of the poor Lazarus, and mostly – the Love of Jesus!

Sooner or later, the Bride will put on her white dress!

Sooner or later, the Shepherd will gather His Flock to pasture it among the lilies of the field, instead of amidst the thorns and weeds of Babylon!

As to that generation that was looking for the God's Choice among the lustrous, well-clothed rich men, among the merchants, businessmen and high-standing people, it would surely fall under the hits of the God's furious wrath that has been gathering against the whole wickedness of people and demons.

OUR ENCOURAGEMENT FOR YOU!

Dear friend! If you visit our site for a first time, do not hurry to be afraid and do not turn to men for advice whether you should follow the call of our prophetic books! At the contrary – enter your inner room and ask the God of your heart! For, He is not a man, who might deceive you, or a flesh that might be afraid.

He is the Holy of Israel, the Almighty One!

As brother Stefan devoted your life to the God's principle of giving freely, so we encourage you to give freely for the God's deed! If you generously sow, you will generously reap! However, if your heart remains locked for the God's deed, it is evident that you have not recognized us as servants of Lord Jesus Christ!

We expect you to contact us! We expect the fruit of your generosity and thankfulness! Let Lord Jesus Christ confirm this encouragement of ours in your heart! Amen and Amen!
